We are adding a text message reminder system. This may be used to:

1. Notify you 1-3 days in advance of your upcoming appointment.
2. Notify you of necessary changes to your appointment day or time, or if we are delayed on our ability to see you around your appointment time (this will be on rare occasions).
3. Remind you of specific recommendations prior to a procedure (for example; not to eat after 10pm on the evening before a procedure).
4. Notify you of changes in our clinic hours (i.e. during snow or severe weather)

Please note the following:

- Your phone number will **not** be shared with any other individuals or groups.
- Text messaging is not a secure form of communication, so we **never** use this system to text you with any sensitive medical information.
- Standard data and message rates may apply based on your mobile phone plan.

If you consent to receiving these text messages, then please print your name, sign your name and list your mobile phone number below:
